RIOgaleão Cargo

RIO DE JANEIRO'S INTERNATIONAL AIRPORT CARGO TERMINAL

Privatised in 2014 and part of Changi Airports Group, RIOgaleão is one of the main gateways to Brazil and Latin America. RIOgaleão Cargo provides quality import and export services for the oil & gas, aerospace and pharmaceutical industries, amongst others.

The RIOgaleão Cargo terminal is located just 20km from Rio de Janeiro's city centre and only 17km from the port. It links Brazil's major import and export markets in the Southeast and Northeast with the rest of the world.

AIRLINES

Our extensive network covers all of Brazil's major import and export markets.

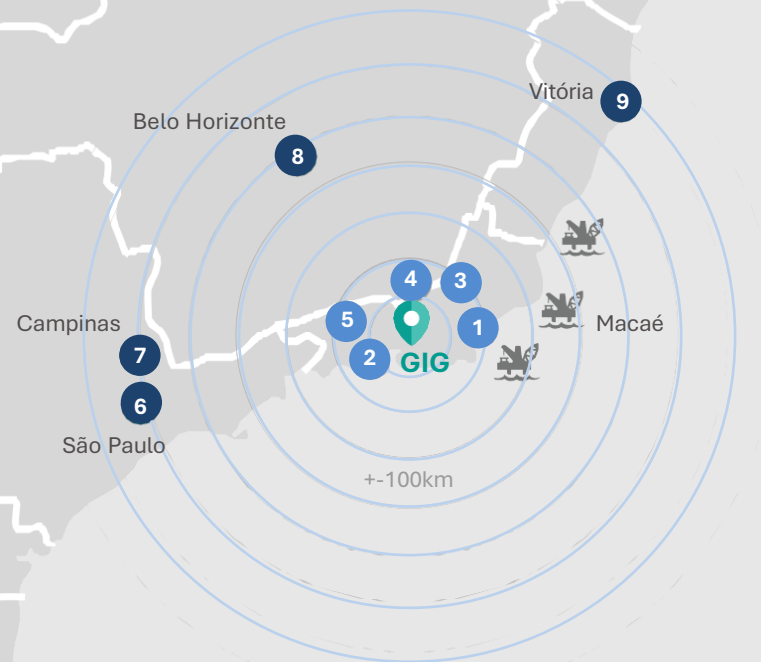

Wide & encompassing catchment area

The RIOgaleão Cargo terminal lies at the heart of the “pre-sal” oil exploration area and is Brazil’s gateway primary for the import and export of oil & gas equipment.

The centre of automotive manufacturing in the Vale do Paraíba (RJ) and the large pharmaceutical industries of Jacarepaguá (RJ) and São Paulo (SP) are within a short trucking distance from the airport as are Rio de Janeiro’s aerospace industries. More recently, Rio de Janeiro has become an important gateway for the rapidly growing e-commerce business.

Wide & encompassing catchment area

- 1 OIL & GAS RJ
- 2 PHARMACEUTICALS RJ
- 3 AEROSPACE RJ
- 4 PETROCHEMICAL RJ
- 5 AUTOMOTIVE RJ
- 6 SÃO PAULO SP
- 7 CAMPINAS SP
- 8 BELO HORIZONTE MG
- 9 VITÓRIA ES

The airport's strategic location enables fast transfers to the neighbouring states of São Paulo (SP), Espírito Santo (ES), Minas Gerais (MG), Santa Catarina (SC) and Goiania (GO).

Compliance & Integrity

We constantly seek the highest global standards in airfreight handling.

- First airport in the Americas to be IATA CEIV Pharma certified
- ISO9001:2015 certified
- AFE (Autorização de Funcionamento de Empresa) / AE (Autorização Especial)
- ANVISA Best Practices (GPD)
- Authorized Economic Operator (AEO)
- World Customs Organization Certificate of Merit
- Dedicated pharmacists

Client Support

Customized solutions & support for your projects and key flows

- Interface with government agencies
- Technical support and regulatory advise
- Dedicated warehouse space for key accounts or projects
- Dedicated shipment monitoring and customized reporting
- Key account management
- Full operational support for Project shipments
- Customer Service Center – 24/7

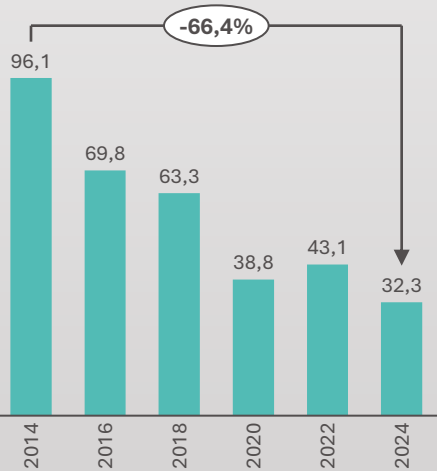

WHATSAPP

Efficiency & Performance

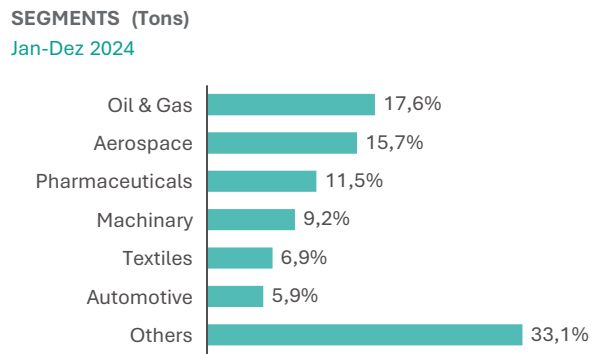

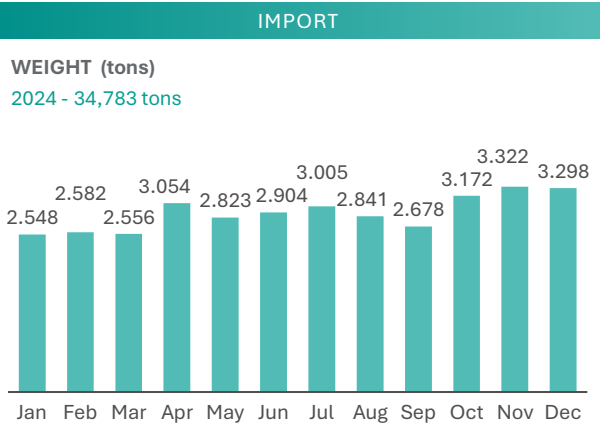

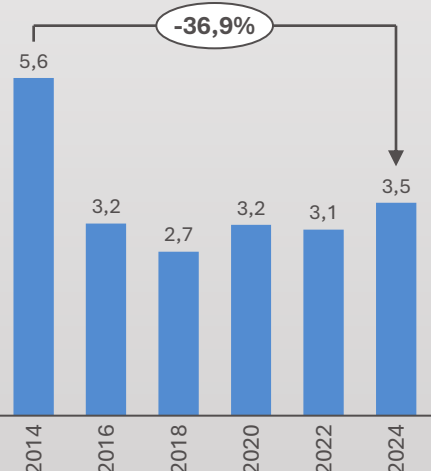

Working closely with gov agencies and the entire supply chain, RIOgaleão Cargo's focus on operational efficiency has been delivering real value to its clients.

The airport's **Logistics Efficiency Program (PEL)** involves all stakeholders in the logistics chain, enabling our clients to identify bottlenecks and improve their clearing process, resulting in significant time and cost savings. Up to date more than 1k clients have participated.

Solutions for every need

Integration of all links in the chain, identification of the best routes, coordination with government agencies, and dedicated service are some of the solutions for process customization.

RIOgaleão Temperature Controlled

Pharmaceuticals can save lives. RIOgaleão Cargo seeks the highest global standards in life science handling to safeguard the products in our care.

RIOgaleão Heavy & Outsized

Beneath the world's oceans lie vast supplies of oil and natural gas. GIG plays its part in helping you to unlock the economic potential of these resources.

RIOgaleão Valuable Cargo

Valuable cargo comes in many shapes and forms - high fashion goods or irreplaceable artworks, bank notes or biotech material.

RIOgaleão Dangerous Goods

Dangerous goods need to be handled and stored in the safest possible way and with utmost care at all times.

RIOgaleão E-Comm Cargo

Complete solution for companies seeking customized operations for their compliant shipment cargo.

RIOgaleão General Warehousing

On-airport warehousing allows clients to concentrate activities at the airport, generating significant time savings.

RIOgaleão

Temperature Controlled

Pharmaceuticals can save lives. RIOgaleão Cargo seeks the highest global standards in life science handling to safeguard the products in our care.

Our customers rely on RIOgaleão Temperature Controlled to ensure the quality and integrity of a variety of cargos, ranging from vaccines or lab tests to biotechnological material or pharmaceutical products. Upholding these standards requires state-of-the-art equipment and storage facilities, highly-trained staff, robust and efficient processes and strong cooperation with all our partners across the cold-chain.

As the gateway for one of Latin America's largest pharmaceutical industries, RIOgaleão Cargo has tripled its cold storage capacity and handles all temperature ranges. Dedicated loading docks and our fully automated pharma storage facility eliminate temperature excursions. Seeking the highest international standards, we were Latin America's first airport to be IATA CEIV Pharma certified and our team of dedicated pharmacists ensures that our rigorous processes are upheld at all times.

RIOgaleão

Heavy & Outsized

Beneath the world's oceans lie vast supplies of oil and natural gas. RIOgaleão Heavy & Outsized plays its part in helping you to unlock the economic potential of these resources.

Located in close proximity to the “pre-salt” off-shore exploration area, RIOgaleão is the main import and export gateway for the oil & gas industry in Brazil, offering secure operations with a high degree of efficiency and flexibility.

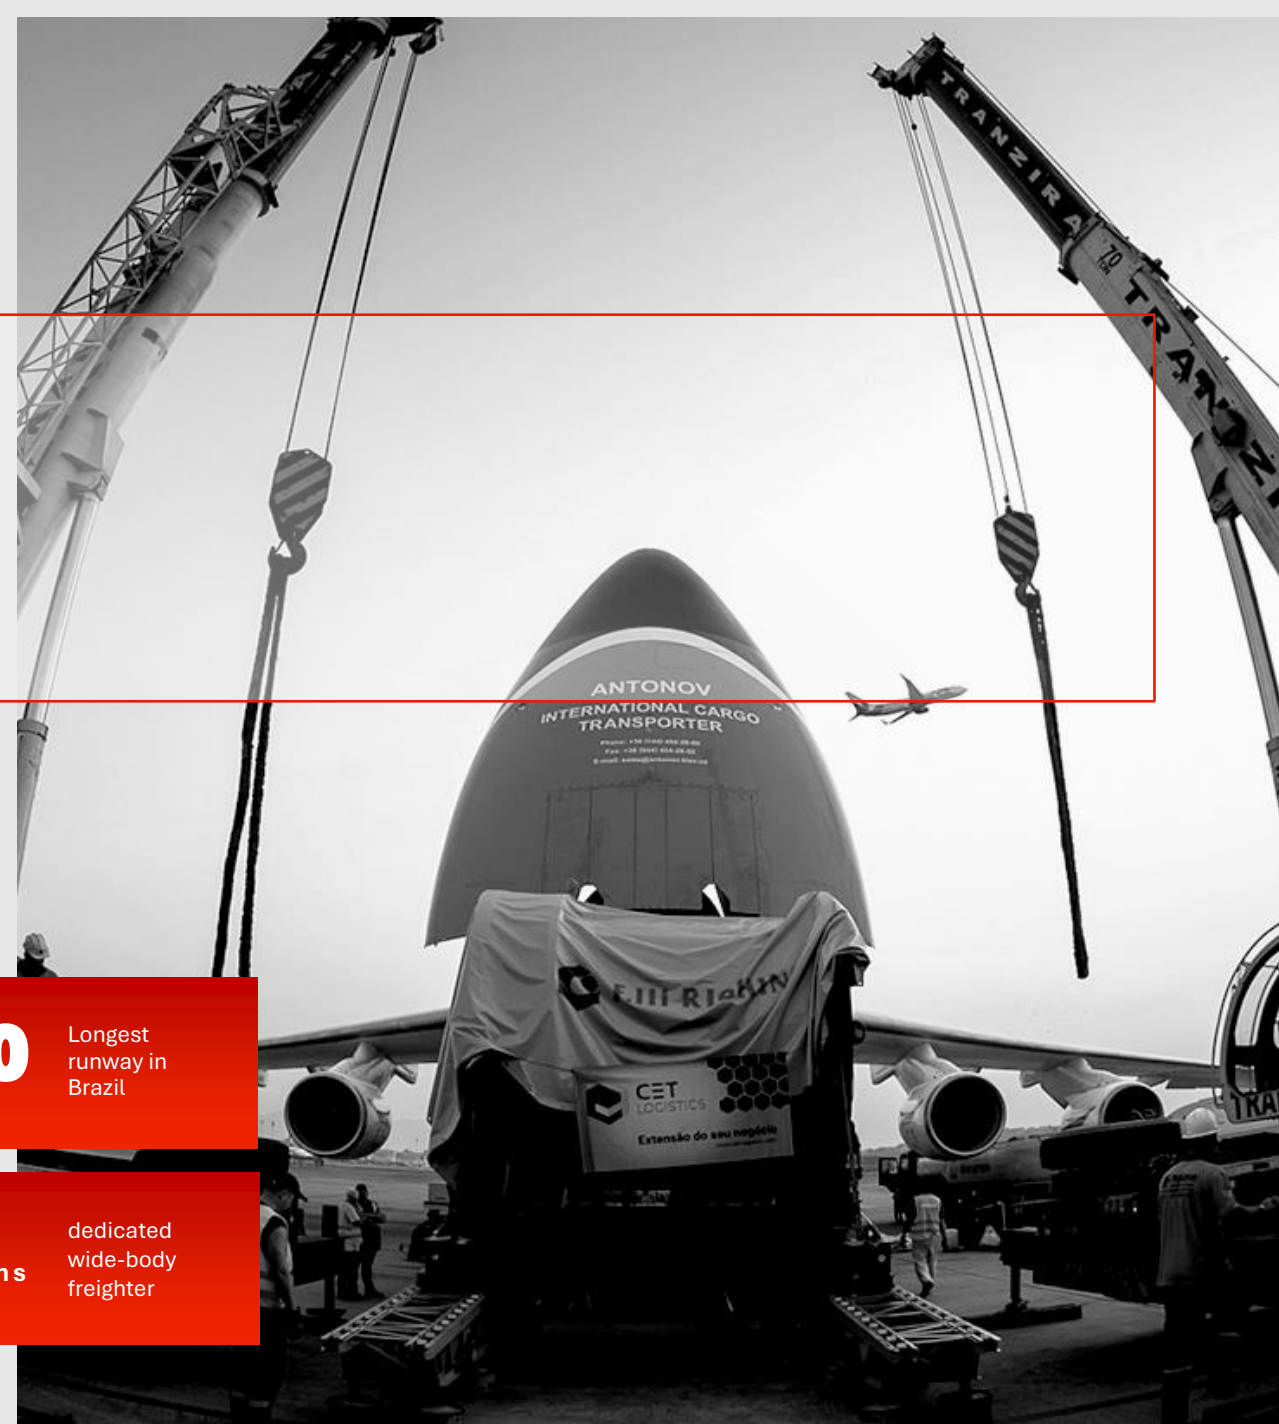

Given our geographical location and large international network, RIOgaleão is the airport of choice for Brazil's rebounding oil & gas industry. We have the expertise, equipment and trusted partners to efficiently handle all types of freighters as well as complex projects. Our experienced team coordinates all the players in the supply chain to ensure that shipments of any size pass smoothly through our airport.
